What is a Mentor?

An experienced and trusted advisor acting as a sounding board; providing feedback on how to grow your business.

Who is it for?

The Mentor Program is open to women entrepreneurs across Canada of all industries, sizes and stages, from start-ups to companies over \$5M in revenues. We can pair you with someone in the same city, or from another province, depending on your mentorship preferences and business needs.

"Having someone more experienced to bounce ideas off of, and get advice from has been priceless!"

– FWE Mentee

"The crucial part of this process is the effort that FWE brings to the table to match you with the right mentor. My meetings with my mentor have fast forwarded my journey to major milestones in my business."

– FWE Mentee
